EXPERIENCE

Flutter Developer, Atom Tech, Lagos, Nigeria

February 2021 – July 2021

- I decided to take my experience to a start-up company where I would learn and also contribute fresh ideas. Here, I am tasked with designing and building sophisticated and highly scalable apps using Flutter.
- I translated and built the designs and Wireframes into high quality responsive UI code.

IT Developer Intern, Ebby-Tek Services, Eket, Nigeria

June 2019 – August 2019

- With limited software development experience in the work sector, I came into this role to learn on my feet. After learning HTML front-end development, I was able to reinforce the knowledge by collaboratively working in my role of building web-based apps to integrate.
